### **Direction's using Fusible Paper-**

**Using fusible paper be sure to reverse the pattern where needed using a light box or a window in the daytime. Be sure to get the front pattern on the right side of shirt leaving the left side for your name tag. The back and front design should be high enough if you are tucking the shirt in. If your using an outside shirt start the bottom of the design about where your waist starts. You may use a permanent pen where indicated. Please follow the color chart to locate where to use it. If your hand appliquéing all the above applies.**

**Be sure to stitch all around the pieces to secure the edges. If you don't, when it is washed it will fray!! Now go ahead and embellish all you want. Be sure to keep a Florida look!!**

**Add to the scene, beach umbrella, chair, fish, pail and shovel, Beads, sequins etc.**
